PROFESSIONAL SUMMARY

Computer Science and Engineering undergraduate (10th Semester) with a strong foundation in software engineering, object-oriented programming, algorithms, databases, and UML-based system design. Seeking a Software Engineering Internship to apply technical skills, learn from experienced engineers, and contribute to real-world software development.

EDUCATION

Southeast University

B.Sc. in Computer Science and Engineering (CSE)

10th Semester | CGPA: 3.11/4.00

HSC (Science)

Digpait Shamsul Hoque Degree College

GPA: 4.50/5.00

SSC (Science)

Sarishabari Salema Khatun Girls High School

GPA: 5.00/5.00

TECHNICAL SKILLS

Programming: C, C++, Java, Python

Software Engineering: Requirements Analysis, UML (Use Case, Class, Sequence, Activity, State Machine)

Concepts: OOP, Data Structures & Algorithms, Database Systems, Embedded Systems

ACADEMIC PROJECT

Fair Trade App (Peer-to-Peer Buy & Sell Platform)

- Participated in designing and developing an academic marketplace application.
- Performed requirements analysis and prepared UML diagrams.
- Collaborated with teammates to design system architecture.

LANGUAGES

Bengali (Native)

English (Professional Working Proficiency)

PERSONAL INFORMATION

Date of Birth: 26/04/2004

Father: M.A. Monsur

Mother: Sabiha Yeasmin
